### **Procedure for Staff Background Review**

Each staff person shall have a background free of conduct, which bears adversely upon his or her ability to provide for the safety and well-being of the campers. The Director shall determine whether each staff person's conduct, criminal or otherwise, shall disqualify that person from employment at the academy.

Criminal background checks will be contracted through CSI (Creative Services, Inc) providing a complete and thorough background check through national criminal record databases.

### **Plan for administering, and recording the dispensing of prescription medication**

Prescription medicine labels must be in the original container, include the player's name, physician and pharmacy name, the dosage and the date. The prescription must have a current date printed on it. The parent/guardian must sign the Authorization to Administer Medication to a Camper form and give the completed form to the HCS.

The HCS will administer all medications under oversight by the Health Care Consultant. Exceptions of this policy will allow players with a known allergy or pre-existing medical condition, for whom an Epi-pen or inhaler has been prescribed, or who has an insulin pump, to be medicated by someone other than the HCS, including self-administered. In addition, if authorization by the parent/guardian and Health Care Consultant is given, the camper may carry these devices with them at all times, and use them if required. No other medications will be allowed to be self-administered.

All medications are to be kept in their original containers. Directions for giving non-prescription medication must be clearly specified in writing along with a statement from the Parent/Guardian giving permission for the HCS to administer it

The HCS will inform the Health Care Consultant of any prescription medicines that will be dispensed. The Health Care Consultant shall acknowledge in writing, a list of all prescription medications administered.

Unused medicine will be given to the parent/guardian at the conclusion of the program. Any medicine that cannot be returned will be destroyed by the HCS.

### **Allergies**

Camper parents/physician are required to notify the Director of Terrier Training Camp of any food or other allergies that the camper participant may have.

### **Plan for mildly ill/injured camper**

A mildly ill player will be brought to a quiet location, away from the others where they can rest and be monitored by the HCS or assigned staff member. The Athletic Training Room in the Case Center shall be identified as the infirmary during the day. In the evening, a room will be set aside in the dorm that can be used as the isolation area for an ill player. For any non-emergency illness/injury, the Health Care Consultant (HCC) will be available to discuss the case with the HCS. The Health Care Consultant will be available to evaluate any camper as needed. If the Health Care Consultant, or a designee of the HCC is needed for evaluation, the parent/guardian will be notified by the HCS.

## **Emergency Procedures (including transportation method and notification of Parent/Guardian)**

After an accident or injury has occurred that is severe (not minor in nature as assessed by the Health Care Supervisor to handle on site), the scene will be assessed for safety and dangerous materials and others will be moved from the vicinity of the situation. The Director or Assistant Director will contact the Boston University Police Department (BUPD), in order to have Emergency Service help sent to the premises. Attempts will then be made to notify the Parent/Guardian(s) of the accident or injury. The Health Care Supervisor, who is certified in CPR and First Aid, will stay with the injured player and administer appropriate care. Based on the severity and location of the injury, as well as and other conditions, the HCS make the decision on moving or not moving the injured player. If she is taken by ambulance to the hospital for treatment, the Director will escort her. The Assistant Director will assume the role of the Director in her absence.

If the Parent/Guardian(s) can be contacted, they will assume the responsibility to authorize any necessary medical treatment with regard to the care of the player. If the Parent/Guardian cannot be reached, the Parent/Guardian's emergency contacts will be called, and every effort will be made to get in contact with the Parent/Guardian(s). Consent for the Director to authorize medical treatment is on record for every camper in the case where the Parent/Guardian cannot be reached.

## **Grievance Policy**

Please notify us immediately, if for some reason our program does not meet the stated objectives as advertised in our materials. We have built a reputation as a quality soccer academy program and we would want to be aware of any area that we may fall short. Please allow us to correct any issue that your daughter might be having while she is in attendance.

**Directions to BU Case Center from Logan Airport**

If your daughter is flying into Logan Airport, please confirm with us so we have your daughter's travel itinerary and cell phone number in case she needs any assistance. Be sure she has my number, 617-797-1658 (Coach Feldman).

**CAB:** *app. \$40*

Follow directions from airport toward "ground transportation" on the lower level. Look for the taxi station, which will be marked. Ask the driver to take you to the Case Athletic Center at Boston University or to 285 Babcock St. Once you arrive, you will see Terrier Training Academy clearly marked out with staff available to direct you.

**Driving Directions to the Case Center**

**Inbound** from the Massachusetts Turnpike (Route 90) or Route 128, take the Mass Pike extension to Exit 18-marked Cambridge-Allston. Follow the directions below...

**Outbound** from Route 93 and Southeast Expressway, to Mass Pike. Get off at Exit 20, Cambridge-Allston, stay right and follow the directions below...

-----  
After exiting, bear right at the sign marked Cambridge.  
Turn right at the Double Tree Hotel onto Storrow Drive.  
Take the first exit off Storrow Drive (It's the Boston University exit) and proceed to stop sign.  
Turn right onto Commonwealth Avenue.  
Continue on Commonwealth Avenue for about 1 mile  
After passing Agganis Arena, at the next traffic light, turn right onto Babcock St.  
Drive down two blocks and park on the street or in the parking garage on the left.  
Cross Babcock St. and proceed up the stairs to the courtyard of 273-277 Babcock Street (West Campus housing – Claflin/Sleeper and Rich Halls). Registration will be in front of Sleeper Hall.
